# Practical Workshop on Cryo- Electron Microscopy Data Analysis in Scipion

25<sup>th</sup>–26<sup>th</sup> January, 2018

**A35/211 (lectures) and A4/computer room,**  
**University Campus Bohunice** Kamenice 5, Brno

## ABSTRACT

Two day workshop on cryo-electron microscopy data analysis in theory and practice. Lectures will present concepts of data analysis and practical aspects of single particle data analysis. The workshop will provide introduction to Scipion software package and will give participants the chance to obtain hand-on experience with set up of individual steps in single particle data analysis workflow.
