

3rd year of the Prague Summer School **ADVANCES IN DRUG DISCOVERY**

FIRST ANNOUNCEMENT

DRUG discovery and DEVELOPMENT from basic research through preclinical to clinical phases

Prague, Czech Republic ■ September 5th – 9th, 2016

Following the opening course in 2014, and very successful course in 2015 the registration is now open for the 3rd Prague Summer School Advances in Drug Discovery, this time focussing on the whole process from discovery to drug marketing.

The Summer School is organized by the University of Chemistry and Technology Prague (www.ict-prague.eu) and Institute of Organic Chemistry and Biochemistry ASCR, (www.uochb.cz).

For 2016 we added a poster session and attendants are wellcome to present their research in the form of poster presentation.

SELECTED SPEAKERS

Tomáš Cihlár

Gilead Sciences

Topic: Novel compounds for Ebola treatment

Mathias Frederiksen

Novartis Institute for BioMedical Research

Topic: Chemical genetics

Christian Heinis

EPF Lausanne

Topic: Peptide macrocycle drugs

Josef Klíma

Pharmakl

Topic: Bioanalytics

Vít Perlík

PharmInvent

Topic: Development of Medical Inhalation Products
PharmInvent

Marc de la Roche

University of Cambridge

Topic: Canonical and non-canonical targets
in epithelial cancer

Paul Vulto

Managing director and co-founder Mimetas

Topic: Organ on chip technology in drug development

Markus Zettl

Boehringer Ingelheim

Topic: Biologics in oncology

Sergey Zozulya

Enamine, Inc

Topic: High-throughput screening of compound libraries

Registration fee:

	Early bird before and on April 30, 2016	Regular after May 1, 2016
Regular participation with accommodation	300 EUR	350 EUR
Antonín Holý one day symposium September 5	30 EUR	
Participation only (no accommodation)	200 EUR	250 EUR

Registration fee includes: Regular fee:

- Admission to the scientific programme
- Accommodation for 4 nights (September 5 – 9) at Masaryk Dormitory / in a double room
- Conference materials
- Coffee breaks, lunches
- Welcome party
- Guided tour with dinner

Regular fee + Antonín Holý one day symposium

- Admission to one Antonín Holý symposium at IOCB (incl. coffee breaks)
- Admission to the scientific programme
- Accommodation for 5 nights (September 4 – 9) at Masaryk Dormitory / in a double room
- Conference materials
- Coffee breaks, lunches
- Welcome party
- Guided tour with dinner

We are pleased to offer as a bonus for our participants entrance to **One-day symposium dedicated to 80th anniversary of Prof. Antonín Holý**. This symposium will be held on Monday, September 5, 2016 at IOCB building.

The Summer School is intended mainly for PhD students and postdocs.
Expert speakers from major international pharma and biotech companies and academia will cover these broad areas:

- General chemical approaches – medicinal chemistry
- Biochemical approaches – target oriented research
- Structure and In silico based drug design
- Lead structure characterization
- Precinical and clinical development
- Principles and examples of commercial drug development cycle
